Service Blueprint

Akshay john - **Senior Staff Designer**

Project Overview

Role: Senior Staff Designer

Mission: Lead the launch of GloboTel, a travel-centric telecom provider. GloboTel will fuse global connectivity (190+ countries) with a value-added travel ecosystem (including lounges, cabs, and hotels).

Primary Challenge: Address "Landing Anxiety" and mitigate cost-shocks experienced by Indian travelers upon entering international territories.

Competitor Analysis

Features	GloboTel	Saily	Maya	Airalo	Airtel (Roaming)
Primary Model	Hybrid (eSIM + Physical)	eSIM Only	eSIM Only	eSIM Only	Hybrid
Pricing	Low Cost Bundles	Mid Range	Budget Friendly	Expensive	Highly Expensive
Support	24/7 AI + Multilingual with Help Center	Chat/Help Center	Chat/Email	24/7 Chat	Call Center/App + Ai
Benefits	Lounges, Cabs, Hotel Discounts	None (speed focus)	None (data focused)	Loyalty (Airmoney)	None
Refunds	Prorated (Fair Use)	30 days unactivated	30 days Guarantee	Depends	Difficult
Best For	Total Travel Comfort	Tech Savvy Nomads	Budget Unlimited Data	First time eSIM users	Legacy users

Competitive Edge: GloboTel wins by offering **non-telecom perks** and **Aadhaar-integrated KYC**, which international competitors (Saily/Airalo) cannot easily provide for the Indian market.

User Research & Persona Synthesis

Based on interviews with 4 distinct segments (Retail & Institutional):

A. The Mission Driven Traveler (Persona: Pangayavalli J)

- **Age:** 56F
- **Bio:** Frequent traveler to Europe for fundraising and meetings **(4-10 day trips).**
- **Current Behavior:** Recharges Airtel via the thankings giving app, convenient but data expires too fast (shocks within 48 hours). Familiar with Saily (mentions the best) and Maya.
- **Thinks/Feels:** Needs reliability for meetings, feels anxious when Airtel data cuts out unexpectedly.
- **Needs:** A 10-day "unlimited" fundraising pack that doesn't throttle mid-meeting.

The Leisure Seeker (Persona: Prabhaharan K)

- **Age:** 27M
- **Bio:** Business owner utilizing free corporate flight perks for sightseeing and Tourism.
- **Current Behavior:** Recharges temporary sims, heavy data usage for maps and photo sharing.
- **Thinks/Feels:** Wants to enjoy the "free" vacation without worrying about the "hidden cost" of data.
- **Needs:** Easy top-ups and integrated cab booking (Uber/Ola) for stress-free sightseeing.

The Long-Haul Seafarer (Persona: Navaneeth)

- **Age:** 28M
- **Bio:** Sails for 3-4 months continuous, uses on-ship Starlink for data but needs terrestrial SIM for port stays.
- **Current Behavior:** Avoids expensive roaming, uses internet-only calling (WhatsApp calls).
- **Thinks/Feels:** Needs a SIM that stays active for 120 days without monthly recharges.
- **Needs:** Long-term validity and low-cost terrestrial VoIP integration.

End-to-End Journey Map: GloboTel

Phase	Acquisition	KYC & Plan	The Landing	Ongoing Use
User State	Researching options at home/airport	Uploading ID (aadhar/Passport)	Landing In Paris	Moving between cities
	Confused/Hopeful	Relieved	Critical Anxiety Point	Satisfied / Confident
GloboTel Action	Targeted Ads	30s OCR Verification (AI)	Auto Activation and perks benefit (cab, Hotel)	Alerts, Suggested Top-ups
Pain Points	High Roaming Fear	Document Rejection	No Signal At Terminal	Data exhaustion
Opportunity	Offer First time discounts	Video KYC Fallback	Free Low Data At Terminal (100Mb)	Integrated Lounge Access

GloboTel Service Blueprint V1.0

EY-aligned Global Traveler Experience (Retail & Institutional)

Bulk enrollment and consolidated monthly bill options

	Acquisition	Plan Selection	KYC	Onboarding	Billing	Ongoing Support
